

Advance-Nilfisk Part

Advance-Nilfisk Part - Imagine how tedious it would really be to tidy up your house right after having a big party, with out aid from cleaning machines. Back in the day, when carpets and upholstery had the dust beat out of them manually; cleaning cloths, brushes and brooms were the leading cleaning materials of that time.

The man who established Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After establishing his business during the year 1906, he began to make motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the beginning was to have a worldwide business advertising goods internationally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one person. This invention came in a time where numerous cleaning machines were very big and required at least 4 operators, thus, the Nilfisk C1 changed everything and evolved the method we clean forever. The brain behind these very first cleaning machines remains unparalleled. Cleaning machines provide a brilliant solution to an ongoing dilemma; things get filthy and should be cleaned frequently, without too much effort.

Gradually, the company Nilfisk-Advance developed all through the years. In the the early part of the nineteen eighties the company developed fast when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, aiming to be an active worldwide player in producing professional cleaning machines. Nilfisk-Advance is presently found in every part of the world due to steadily acquiring numerous smaller businesses to be able to expand their product selection and presence in new markets. They are really proud to offer different cleaning solutions to meet every need.
