

## TCM Forklift Part

TCM Forklift Parts - In the global business of material handling, forklifts play a major part for transporting industrial goods. Originally innovated as industrial vehicles during the 1930s in America, lift trucks gained recognition following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread internationally.

First founded as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first lift truck. Throughout the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation with the trade. TCM began constructing lift truck manufacturing sites outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes various models of industrial forklifts with more than 50 years of accumulated technology and expertise, making their products recognized and used all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading company.
